HISTORY

& HERITAGE

In 2006, YETI founders, brothers Roy and Ryan Seiders, set out to build a cooler without compromise. They were tired of handles breaking apart, latches snapping off, and lids caving in year after year. Ordinary ice chests were cutting outdoor adventures short and regularly costing money to replace. So, they decided to create a solution: to engineer a cooler that could keep ice for days, one that was durable enough for anglers to stand on and cast from, one that was completely different to any cooler that had come before it.

That's how YETI Coolers was founded, and then the legendary Tundra® Cooler hit the market. It was a cooler made especially for the serious outdoor enthusiast rather than the occasional camper. One that can get dropped out of a truck, dragged through the backcountry, withstand any weather, and still be game for more. One that is virtually indestructible and designed to be irreplaceable.

Since 2006, we've built even more products that stand up to the hazards of the wild so you can stay out longer, travel farther, and live harder.

No matter where the wild takes you, there's a YETI ready to tackle your next adventure head on.

YETI Coolers founders, Ryan and Roy Seiders, with father Roger

WHY THE TUNDRA IS WORTH IT

Born from frustration, the YETI Tundra is what happens when you find every single downside to cheap coolers and over-engineer the hell out of them. It's ice for days - for all your days - in the wild, and it's ready for any adventure.

KEEP ICE ICE-COLD

ColdLock Gasket

A freezer-quality gasket circles the length of the lid to block out the heat and lock in the cold.

FatWall Design

Extra-thick walls hold up to two inches of insulation for unmatched ice retention.

PermaFrost Insulation

Pressure-injected, commercial-grade polyurethane foam in the walls and lid make sure your ice stays cold for days.

OUTLASTS THE OUTDOORS

Certified Bear-Resistant

Designed to meet the Interagency Grizzly Bear Committee's structural standards for food storage.

Rotomolded Construction

Makes it armored to the core and virtually indestructible.

T-Rex Lid Latches

Patented design uses heavy-duty rubber so your latches stay latched.

NeverFail Hinge System

Two hinge pins and interlocking design prevents the hinge from ever breaking.

Chamonix, France

ROADIE 24

The Roadie® 24 Hard Cooler is a fresh take on a tried-and-true YETI favourite. It's 10% lighter weight, holds 20% more, and even performs 30% better thermally than its legendary predecessor. Plus, we built it tall enough to accommodate critical bottles of wine but slim enough to squeeze behind the driver's or passenger's seat of a car. Now that's what we call a road trip buddy.

HOLDS

18.9 Litres | 18 Cans* | 10kg of Ice**

WHITE DESERT TAN CHARCOAL NAVY

TUNDRA 35

The YETI Tundra 35 is portable enough for one person to haul while still having an impressive carrying capacity. Thanks to up to 3 inches of PermaFrost Insulation and the FatWall Design, this cooler will keep your ice icy. And even though it's the smallest of our Tundra line, the Tundra 35 is still built to be bear-resistant.

HOLDS

25.3 Litres | 20 Cans* | 13kg of Ice**

WHITE DESERT TAN NAVY

TUNDRA 45

The YETI Tundra 45 combines versatility with durability. This premium cooler is infused with that legendary YETI toughness. It has a durable rotomolded construction and up to two inches of PermaFrost Insulation. It's UV-resistant and damn-near indestructible. The durable, marine-grade polyester rope handles with textured grips let you easily haul your Tundra 45 to the campsite and out on quick hunting excursions.

HOLDS

31 Litres | 26 Cans* | 16kg of Ice**

* Using 2:1 Ice to Can ratio by Volume **Ice estimates are based on exclusively storing ice

TUNDRA 65

Our coolers are at home on the dock, at the ranch, in the blind, or on the boat, and the Tundra® 65 is no exception. Just as adept at keeping your catches cold in the field as it is storing the drinks and food for your backyard barbecue, this ice chest is plenty roomy, holding a limit of redfish or your prized brisket.

HOLDS

48.4 Litres | 39 Cans* | 25kg of Ice**

NAVY

TUNDRA 75

The YETI® Tundra® 75 is the outdoor cooler that's ideal for keeping your family and friends fed and hydrated during a tailgate, barbecue, or day at the lake.

Wherever you take it, the bear-resistant design of the Tundra 75 cooler will protect your food, drink, or catches from burly party crashers. Its rectangular body has the flexibility to make itself useful on board — it will fit under most leaning posts and can also be used as a seat in front of most centre consoles.

HOLDS

66.2 Litres | 50 Cans* | 30kg of Ice**

WHITE

DESERT TAN

TUNDRA 105

We designed the YETI Tundra 105 outdoor cooler with more height and a smaller footprint, so it takes up less room in your boat or truck bed. That extra altitude lets you stack your meats and drinks up high with enough room for a layer of ice on top. This body shape means greater capacity and longer ice retention than standard coolers, and the benefits don't stop there. The Tundra 105 is dry-ice compatible, so you can keep everything cooler for even longer than with standard ice and with less weight.

HOLDS

74.2 Litres | 59 Cans* | 42kg of Ice**

WHITE

DESERT TAN

TUNDRA 110

The YETI® Tundra® 110 was designed specifically with the rafting community in mind. It's sized to fit all major raft frames snugly, so your YETI doesn't end up overboard. And like all YETI coolers, the Tundra 110 is built to last trip after trip, with the same rotomolded polyethylene construction used to make whitewater kayaks. Up to 3 inches of PermaFrost™ Insulation and our ColdLock™ Gasket mean you won't have to constantly top it off with ice. Which is good, because you don't pass too many convenience stores on the river.

HOLDS
86.7 Litres | 65 Cans* | 46kg of Ice**

WHITE

TUNDRA 125

YETI® Tundra® 125 is your go-to ice chest. Built from virtually indestructible rotomolded polyethylene with up to 3 inches of PermaFrost™ Insulation in the walls and lid, it's your best bet for keeping ice on longer journeys. When used as a durable marine cooler, it offers ample space to hold the whole crew's limit of snapper, redfish, or trout. Plus, it doubles as a seating bench to save room on board. And the No Sweat™ Design prevents puddles from forming aboard your trusty vessel. As a hunting buddy, it excels at keeping a quartered deer preserved while you kick back with a few drinks by the fire.

HOLDS
107.1 Litres | 81 Cans* | 58.5kg of Ice**

WHITE

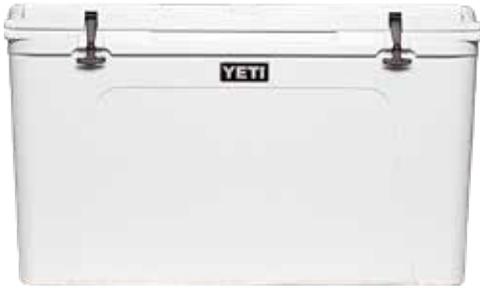

TUNDRA 160

The Tundra® 160 is designed for those guys and gals who are in the field or on a boat season after season, for whom ordinary coolers just won't cut it. Durable? You bet. This large cooler is made from the same rotomolded polyethylene as whitewater kayaks. And the molded-in NeverFail™ Hinge System means you'll never have to replace a busted hinge again. Superior cold-holding power? Of course. With our FatWall™ Design and ColdLock™ Gasket, you'll spend more time doing what you love and less time restocking ice.

HOLDS
133.6 Litres | 100 Cans* | 72kg of Ice**

WHITE

TUNDRA 210

The YETI® Tundra® 210 is our deepest outdoor cooler with a smaller, cubed footprint. That cavernous space combined with less surface area lets you haul a mighty load of food or drinks without taking up too much space in your truck, trailer, or boat. Of course, all that efficiency of space doesn't do you much good if it can't keep your supplies cold. But come on — this is a YETI. All that makes this the perfect cooler to take to the remote job site, on extended hunting and fishing expeditions, longer camping trips, all-day tailgates, or any other endeavour that requires maximum carrying capacity.

HOLDS

188.5 Litres | 140 Cans* | 94kg of Ice**

WHITE

TUNDRA 250

If you regularly find yourself in the wilderness on long hunting or fishing trips, the Tundra® 250 commercial-grade cooler is your new best friend. Going by sea? It's perfect for offshore sport or commercial fishing. It's big enough to hold wahoo, tuna, and amberjack, and the integrated tie-down slots keep your catch in place. The UV-resistant polyethylene material won't fade or crack from being in the sun all day. Or month. Or year. Going by land? The Tundra 250 is one large cooler that lets you pile in a quartered moose, elk, or several deer, and the freezer-style gasket means your meat will stay fresh the whole trip.

HOLDS

209.3 Litres | 155 Cans* | 105kg of Ice**

WHITE

TUNDRA 350

The Tundra® 350 is YETI®'s largest premium cooler. With a whopping 19,000 cubic inches of capacity and enough space to hold 299 litres, it's built to handle big events and deep-sea catches. The Tundra 350 is engineered tough from one piece of rotomolded polyethylene, so it'll last a lifetime. And its PermaFrost™ Insulation, No Sweat™ Design, and self-stopping hinges make storing your hauls and hunts easy. It can hold two freshly caught tuna, up to three elk, multiple whitetail — with the Tundra 350, the only limit is your limit because space is never an issue.

HOLDS

299 Litres | 59 Cans* | 42kg of Ice**

WHITE

TUNDRA HAUL

YETI Nation spoke and we listened. Our first-ever YETI cooler on wheels is the answer to taking Tundra's® legendary toughness and unmatched insulation power the extra mile. And nothing was sacrificed in the making of this cold-holding powerhouse, ensuring the Haul™ lives up to the Tundra name. The Tundra® Haul™ is now the toughest cooler on two wheels.

HOLDS
50 Litres | 45 Cans* | 25kg of Ice**

TANK 45

It's time to upgrade your ice bucket. The YETI TANK® 45 will keep 52 cans or a pony keg of your favourite beer icy cold for your next get-together. Just like its big brother the YETI TANK 85, the 45 ice bucket has a rotomolded design and polyurethane foam insulation for maximum ice retention, durability, and puddle-free performance.

HOLDS
40 Litres | 52 Cans* | 40kg of Ice**

WHITE DESERT TAN

TANK 85

Protect your beverages from unwanted warm temperatures. The YETI TANK® 85 is a 70 ltr, party-ready ice tub that's as armoured as its namesake. Our patented insulation keeps your drinks or food frosty, while the durable rotomolded design and military-grade nylon handles let you carry it into action over and over, wherever a cold one is needed. No matter how wild your next tailgate, fish fry, clam bake, or backyard barbecue, the YETI TANK is up to the challenge.

SILO 6G

The YETI® Silo™ 6G is what a water cooler should be: a hardworking hydration station that keeps water cold for hours, tough enough to take a tumble, and built to deliver more than just drops at a time. With these critical qualities in mind, we called upon the legendary cold-holding power and rotomolded armour of the Tundra® and fused it with an ultra-strong spigot to create a remarkably insulated, quick-to-pour, easy-to-clean powerhouse of a water cooler. Note, not available to Germany.

**LOADOUT
BUCKET**

LOADOUT

5-GALLON BUCKET

Buckets have been overlooked for far too long. They're the unsung hero of hard work, lugging feed on ranches and washing down boats for centuries on end. Inspired by their longevity, we took this versatile and age-old tool and backed it with a nearly indestructible design and a comfortable YETI-strong handle to create the world's first 5-gallon, food-safe, easy haulin' bucket.

**MOST VERSATILE
TOOL OF THE
TRADE**

Food Safe

Brine the turkey or get the homebrew going.

HeftyHauler Handle

Designed for easy hauling and comfortable carrying.

SureStrong Build

This workhorse is high impact resistant and virtually indestructible.

LipGrip Handle

Makes carrying your catch seem like less of a chore.

AnchorPoint Tie-Down Slots

Secure your bucket to the back of your ATV, ute or boat to keep it snug and secure.

Bearfoot Non-Slip Ring

No slipping, no sliding, and its non-marking.

LOADOUT BUCKET

The LoadOut Bucket is the unsung hero of hard work and deserved a little attention. Our ultra-durable LoadOut™ bucket is designed for lugging, loading, hauling, baling, and stepping. Whether you're on the farm, on the boat or in the garage, our 5-gallon bucket is nearly indestructible and ready to work. But don't depend on it for keeping ice cold, it has other jobs to do.

HOLDS
18.92 Litres

 WHITE  DESERT TAN  CHARCOAL

THESE ADD-ONS ENSURE YOUR LOADOUT BUCKET WORKS EVEN HARDER

LOADOUT LID

The LoadOut Lid keeps contents safe from salt spray and contained when the water gets rough. The HeftHex™ Construction makes for a more durable framework that resists cracking, even in extreme temps with over 130kgs of pressure.

LOADOUT UTILITY GEAR BELT

Tackle any task with the LoadOut Utility Gear Belt. The QuadPocket™ Design is specifically engineered for all your general stuff. Tools, tackle, spent shells, pocket knives, dog treats, bottle caps. You get it.

LOADOUT CADDY

With everything the bucket can do, it's not known for its organisational capacity. This 3-compartment caddy is built YETI tough, so it's resistant to cracks and breaks when you need to fling it aside or drop it on the deck.

WHY THE GOBOX IS WORTH IT

Having the gear you need right when you need it — that's a good feeling. And peace of mind that they're supremely protected in a weatherproof, waterproof vault? Well that's a damn good feeling.

Check that convenience off — day in and day out — with the hyper-organised and nearly indestructible LoadOut GoBox.

THE CARGO BOX THAT KNOWS NO BOUNDS

MULTIMISSION SYSTEM

Portable build and versatile gear configurations frees you to pack this up for any pursuit.

DEFENDER MATERIAL SYSTEM

We can't legally say it's unbreakable — but this cargo box can withstand serious impact, even in the most extreme conditions.

100% WATERPROOF

GORE™ Vent allows for air flow when the pressure changes, and still prevents water from passing through.

WILDPROOF™ DESIGN

Waterproof and dustproof to keep gear inside protected from unwanted wilderness.

EASYFIND™ DESIGN

Wide design and versatile compartments keep gear and tools in their places and still accessible.

ACCESSORIES INCLUDED

1. PACK ATTIC™

Three accessible compartments in one deployable bag.

2. DIVIDER

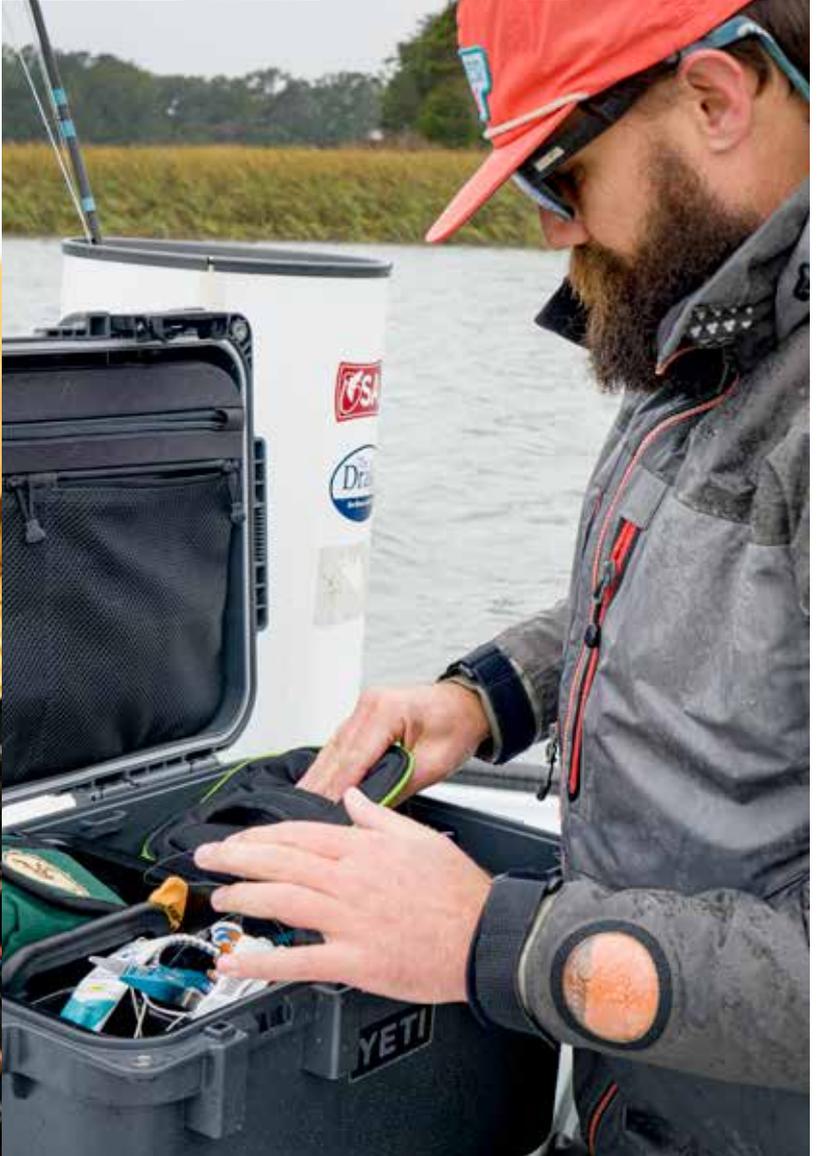

Splits one big compartment into two. Easily removed when you need to load up the big stuff.

3. CADDY

From duck calls to fly boxes, dog treats to boat keys, this keeps you organised. No more rummaging around.

Lakeside Camping - Texas
Image by Austin Stapleton

LOADOUT GOBOX

Having your gear accessible and protected is non-negotiable for almost any pursuit – and yet typical gear cases aren't built to stand up to the demands of the outdoors, and lack organisational capabilities. Built to be nearly indestructible, the LoadOut GoBox can endure seasons in the sun, negative temps in the field, and the daily abuse of being lugged in and out of the truck, the boat, and the blind.

DRINKWARE

**TUMBLER
TRAVEL MUG
BOTTLE
LOWBALL
MUG
JUG**

WHY THE RAMBLER IS WORTH IT

Our Rambler line was created with one mission in mind: to make tough-as-hell drinking vessels that could keep cold drinks cold and hot drinks hot for hours on end. And we didn't compromise one feature along the way.

18/8 Stainless Steel

We source industrial-strength stainless steel because we know our customers are going to put our Ramblers through the wringer. Its thick-gauge construction is built to take on any weather and all dents and drops.

Radiant Barrier

The radiant barrier reduces radiation's impact on your cup or bottle, making sure your drinks stay cold.

Dishwasher Safe

Because no one needs more work to do.

Over-The-Nose™ Technology

Extra-wide opening for easy loading, drinking, and cleaning.

TripleHaul™ Cap

Three-finger grip for easy carry.

Double-Wall Vacuum Insulation

Vacuum insulation is one of the best-known insulators, and helps ensure cold drinks stay cold and hot drinks stay hot.

10 OZ LOWBALL

The Rambler™ 10 oz (296 ml) Lowball tumbler is the ideal drinking companion at the deer lease or around the campfire. Whether it replaces your morning coffee cup or serves as your nightly whiskey glass, the Lowball's double-wall vacuum insulation will keep your hot drinks hot and your cold drinks cold far longer than standard drinkware. And unlike your favourite bourbon glass, this Lowball will never shatter or leave a ring on your coffee table, thanks to its 18/8 stainless steel construction and No Sweat™ Design.

STAINLESS NAVY BLACK SEAFOAM
 WHITE

10 OZ WINE TUMBLER

While most things are better outdoors, it's especially true of wine. But that simple pleasure demanded some serious engineering to ensure no pool deck, happy hour, or boat is hampered by broken glass. Our 10 oz. Wine Tumbler is the YETI® answer to the wine glass and available in stainless steel and DuraCoat™ colour. Now, enjoying your wine in the wild is simultaneously hard core and laid back.

STAINLESS NAVY BLACK SEAFOAM
 WHITE

10 OZ MUG

At a glance, this mug might look like your everyday drinking vessel, but look again. It's loaded with top-to-bottom insulation to keep your coffee hot from the first pour to the last sip. And it's a space saver. The built-in grooves on the bottom help it stack perfectly on top of another one just like it. So whether you're storing it in the cabinets or packing it up for an adventure - it one-ups the average mug.

The mug's wide opening means contents are easily accessible, but will cool quicker. That's why the mug comes with the standard Rambler 20oz lid. The Standard Lid and the MagSlider Lid are not leakproof and will not prevent spills.

STAINLESS NAVY BLACK SEAFOAM
 WHITE

14 OZ MUG

The YETI Rambler® 14 oz. (414ml) Camp Mug is the toughest, most over-engineered camp mug out there. Unlike traditional camp mugs, this double-wall vacuum-insulated body protects hands from hot or cold contents while keeping coffee, chili, oatmeal – you name it – well-insulated. The mug's wide opening means contents are easily accessible but will cool quicker. That's why the mug comes with the standard Rambler 30 oz. Lid (also compatible with the Rambler 30 oz. MagSlider Lid) so you can cap it and keep it hot until you're good and ready.

STAINLESS NAVY BLACK SEAFOAM
 WHITE

24 OZ MUG

Imagine if your brew didn't go warm. Introducing the Rambler 24 oz. Mug — an ideal drinking vessel designed for beer drinkers who have good taste in detail. They pay attention to the perfect style, head, pour, and glass for each occasion, so we built them a beer-drinking mug for a whole host of festivities. At your next backyard BBQ, trust its MagSlider™ Lid to lock out rogue debris and its double-wall vacuum insulation to keep your beer cold long after it was poured.

RAMBLER 10oz TUMBLER

RAMBLER 20oz TUMBLER

RAMBLER 16oz Stackable Pint Cup

EASY TO CLEAN

Toss it all in the dishwasher caps and magnets, too.

KEEPS IT HOT

Or cold. Double-wall vacuum insulation ensures your drinks stay how you like them.

NO SWEAT

Condensation won't be an issue. Your hands stay dry and your mahogany table is safe from water rings.

YETI TOUGH

Our 18/8 stainless steel is puncture- and rust-resistant, and ridiculously durable, just in case it tumbles off the truck.

MAGSLIDER™ LID INCLUDED

Our customer-favourite lid is included with each Rambler® 10oz, 20 oz and 30oz. Tumbler as well as Rambler 16oz Stackable Pint Cup

10 OZ TUMBLER

Keep that perfect balance of flavour and fuel by your side with our new 10 oz. Tumbler – sized to be just enough for just about anywhere. It'll keep your coffee-shop-tops at the just-ordered temp and easily slide into your cup holder when you're ready for the road. Count on its double-wall vacuum insulation to keep your espresso shots fresh or cold brew nice and cold though long hauls. And for added peace of mind, we topped it off with our tried-and-true, splash-resistant, smooth-sliding MagSlider™ Lid to protect your drink from bumpy commutes

20 OZ TUMBLER

With the Rambler 20 oz (591ml) Tumbler, your beverages will stay ice-cold or piping hot longer. We over-engineered these double-wall insulated tumblers with an 18/8 stainless steel body, which means your cold drink or coffee still keeps its temperature no matter how much of a beating this cup takes. They're BPA-free (obviously), have a No Sweat Design to make sure your hands stay dry, and are dishwasher-safe. Plus its crystal-clear lid lets you check your drink status in a flash. Refill, anyone?

30 OZ TUMBLER

Days on the dock are made better with the Rambler 30 oz (887 ml) Tumbler. It'll keep your dinnertime drink cool well past sundown or your coffee piping hot throughout the morning. The Rambler 30 oz. Tumbler is made of 18/8 kitchen-grade stainless steel, has double-wall vacuum insulation, and No Sweat Design. No matter which YETI cup you choose, our Ramblers are dishwasher safe, BPA-free, and ready for just about anything.

16 OZ STACKABLE PINT CUP

Upgrade your single-use, plastic cups at basecamp with reusable, supremely insulated Stackable Pints. This hefty happy hour vessel pulls its weight at basecamp until the last beer's poured. Available in stainless and DuraCoat™ Colours that won't peel or crack.

Please note: this product comes with the MagSlider™ Lid. The MagSlider Lid is not leakproof and will not prevent spills.

NEW

20 OZ TRAVEL MUG

This double-duty on-the-go drink handler is the only YETI Drinkware topped with the Rambler® StrongHold™ Lid — a leak-resistant, twist-on upgrade that's backed with a dual-slider magnet technology. It adds a strong layer between your free-flowing drink and the outside world, come arm swings or speed bumps. And if we're talkin' about where to take it, its elevated handle lets you enjoy cup-holder convenience just about anywhere.

NEW

30 OZ TRAVEL MUG

Bring on the potholes, quick turns, and backcountry roads because this behemoth travel mug holds enough caffeine for even the biggest coffee drinkers. With an elevated handle and cupholder compatible design, it makes mornings on the road that much easier. Plus, its leak-resistant Stronghold™ Lid easily rotates to fasten for both right-and left-handed users —meaning your daily fuel will stay put when you're on the go. And since both this travel mug and its lid are dishwasher safe, all you have to do is kick up your feet after a well-travelled day.

RAMBLER[®] BOTTLES

With premium insulation power and endless ways to reuse, YETI Bottles are found to be an essential piece of gear in packs, on the water, by the pit, and just about anywhere. All are dishwasher safe and become even more versatile with your choice of YETI cap.

With a quick twist, the TripleHaul™ handle comes off, exposing our shatter-resistant, dishwasher safe spout that allows for controlled gulps on the go. When it's time for a wash or refill, remove the entire cap to expose the bottle's wide mouth. Separate your Rambler from the herd with your choice of stainless, DuraCoat™ Colour and Seasonal finishes.

STAINLESS NAVY BLACK SEAFOAM
 WHITE

NEW

18 OZ BOTTLE WITH HOT SHOT CAP

When you're out for hours on end, you need a vessel that can hold more than its fair share. Cue the Rambler® 18 oz. Bottle – the answer to your on-the-go hot drink needs. Fill it up with piping-hot coffee when you're pulling a double or have plenty of tea for that extra-long commute. And to top it all off, this supremely insulated bottle is paired with our 360-degree HotShot™ Cap. Designed with travelers in mind, the lid is 100% leakproof and fully rotational so caffeine-driven riders can sip from any side.

NAVY BLACK SEAFOAM

26 OZ BOTTLE WITH CHUG CAP

The Rambler® 26 oz. Bottle (769ml) is the goldilocks of our bottle line, perfect all day, every day. Complete Chug Cap as standard, a quick twist, the TripleHaul™ handle comes off, exposing our shatter-resistant, dishwasher safe spout that allows for controlled gulps on the go. When it's time for a wash or refill, remove the entire cap to expose the bottle's wide mouth. Available in durable stainless, DuraCoat™ colour, and Seasonal finishes, is dishwasher safe, and the double-wall vacuum insulation means your drink stays cold (or hot) no matter where the journey takes you.

36 OZ BOTTLE WITH CHUG CAP

We've brought the legendary insulating power of our Rambler Tumblers into bottle form. The 36 oz (1065ml) YETI Rambler Bottle is the perfect addition to your blind, ranch, or boat, with enough power to keep your water cold until the very last drop. The 36 oz. water bottle features a durable 18/8 stainless steel construction with a No Sweat Design to keep condensation from collecting. And it's BPA-free. In other words, this is the only insulated stainless steel bottle for cold (or hot) beverages that are built for the wild.

NEW

46 OZ BOTTLE WITH CHUG CAP

Fill up on adventure with an over-sized bottle built with the middle of nowhere in mind. This dawn-to-dusk water well is sized just right. It's not too big to slow you down, but big enough to hold ample H2O from your early-morning start to that worth-the-hike sunset. As for its temp-holding power, its double-wall vacuum insulation promises subzero sips on the hottest days.

For easy cleaning and use day after day, this reusable bottle is dishwasher safe. With a quick twist, the TripleHaul™ handle comes off, exposing our shatter-resistant, dishwasher safe spout that allows for controlled gulps on the go. When it's time for a wash or refill, remove the entire cap to expose the bottle's wide mouth.

NEW

64 OZ BOTTLE WITH CHUG CAP

The Rambler® 64 oz Bottle is the long-haul water hauler for adventures without pitstops. Call upon this bottle for ice-cold sips of H₂O when the temp hits triple digits, and don't worry about condensation making your hands slip. This baby is engineered with a No Sweat™ exterior, which means you'll be the only one breaking a sweat. With 64 ounces (that's your daily eight, y'all) this water tower to go is perfect for keeping you (and your dog) hydrated on the move.

HALF GALLON JUG

The Rambler Half Gallon Jug (1893ml) is built to take on the wild, whether that's rough tumbles from the truck cab or fishing the Texas flats in August. Like the rest of the Rambler series, it's constructed from 18/8 stainless steel, has double-wall vacuum insulation, and comes ready with our No Sweat Design. But this Rambler Jug is also outfitted with our MagCap and dock, so your cap is never out of reach while you grab a drink. The one-inch of lid insulation locks in your drink's temperature unlike any other water jug out there. If you want to take your cold (or hot) drinks further for longer, the Rambler Half Gallon Jug has you covered.

■ STAINLESS

■ NAVY

■ BLACK

ONE GALLON JUG

With double-wall vacuum insulation and one-inch of lid insulation, the Rambler One Gallon Jug (3785ml) is built to keep things ice-cold (or piping hot) for longer. It has the same durable 18/8 stainless steel construction as the rest of the Rambler series, which makes it damn near indestructible, with a hefty stainless steel handle to make hauling your one-gallon jug easy. It's also outfitted with the quick securing MagCap and dock, so you can keep your cap close at hand while you grab a swig. This Rambler Jug is glacier sized for long days at the worksite or a rough day at the lease, so pack up your drinks and hit the road - your Rambler Jug is built for whatever comes it's way.

WHY THE RAMBLER JR IS WORTH IT

This ultra-durable and supremely insulated bottle lets your little wild ones enjoy a refreshing sip of water and get back to exploring. It's also dishwasher safe – cap, straw, and bottle – because no one needs more work to do.

FLIP. SIP. ADVENTURE. REPEAT.

DISHWASHER SAFE

Because one less chore sounds nice.

18/8 STAINLESS STEEL

To withstand all dents and drops.

DOUBLE-WALL VACUUM INSULATION

Keeps drinks ice-cold.

NO SWEAT™ DESIGN

Keeps their hands dry – critical when summiting the jungle gym.

DURACOAT™ COLOUR

Won't crack or peel.

BPA-FREE

So they can safely sip without a worry in the world.

**BOOMER BOWL
TRAILHEAD BED**

TRAILHEAD DOG BED

This two-in-one snooze setup is built to meet the needs of our adventure-loving companions. The Trailhead™ Dog Bed features a Home Base and a removable Travel Pad. Your pup will love the cushy pad and pillow bolster, and you'll appreciate the easy-to-clean materials.

Note: Home Base and Travel Pad are sold as one.

CHARCOAL

BOOMER 4 DOG BOWL

Our customer-favourite Boomer Dog Bowl now comes in a smaller pawprint. This four-cup bowl is built for the smaller adventure companions who still require the same rugged durability and smart, non-slip design. As for you, we made sure it's dishwasher safe and engineered with the same double-wall, non-insulated stainless steel so it's just as durable, easy to clean, and resistant to rust and roughhousing.

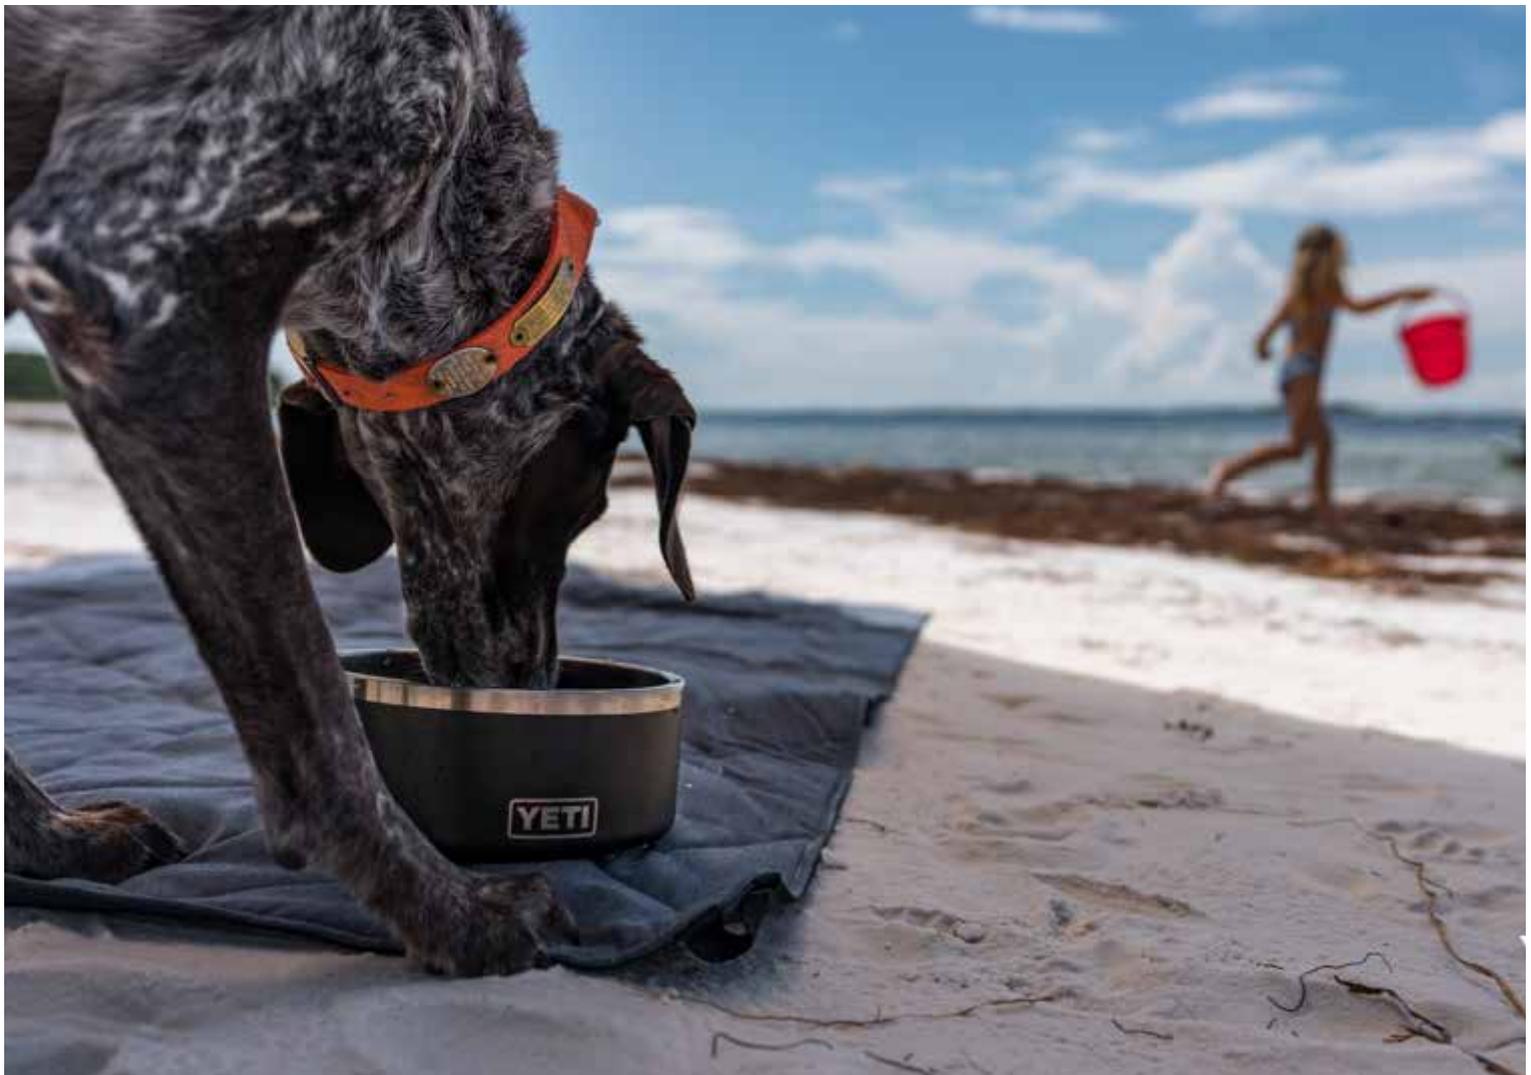

STAINLESS NAVY BLACK SEAFOAM

BOOMER 8 DOG BOWL

Meet Boomer™. A YETI Dog Bowl designed to be as dependable and adventurous as your best friend. It holds eight cups of refreshing water and tasty treats, and built with double-wall, non-insulated stainless steel making it incredibly durable, easy to clean, and resistant to rust and roughhousing. When they've successfully licked Boomer clean, just throw it in the dishwasher, because time is better spent on the boat, duck hunting, or exploring new trails together.

**TRAILHEAD CAMPCHAIR
LOWLANDS BLANKET**

YETI® TRAILHEAD™ CAMP CHAIR

WHY ITS WORTH IT

**UNRIVALED
DURABILITY**
— BACKED WITH —
**HARDCORE
COMFORT**

Instead of waiting around for a best-in-class camp chair to exist, we built one ourselves. Introducing the Trailhead™ Camp Chair. This fireside, tailgating, concert-going mainstay is designed down to a science for unrivaled durability, hardcore comfort, and hands-free portability.

Each leg is anchored with ultra-strong GroundGrip™ Feet primed for any terrain, while industrial-strength tensioners on the back and arms lock into place, optimizing what we've dubbed the "FlexGrid™ Fabric." Which basically means, we stretched one big piece of innovative, UV-resistant, body-conforming fabric throughout the entire chair to completely eliminate pressure points...let that sink in.

And when it comes to carrying it, your hands are off-duty. Just fold up the chair, slip it in its carry bag, and hit the road. Easy does it.

CAMP CHAIR TECHNOLOGY

CARRY BAG INCLUDED

A strong two-strap carry bag you can sling over your shoulder or wear as a backpack.

PACKAWAY FRAME

The lightweight geometry of this crossover frame makes it easy to pack and go.

GROUNDGRIP™ FEET

Extra-wide for peak stability and ultra-strong to stand up to any terrain.

FLEXGRID™ FABRIC

Conforms to your natural curvature, eliminates pressure points, and supports up to 500 lbs. of weight.

LOCKDOWN™ COMFORT

Color-coded tensioners on the back and arms of the chair lock into place to optimize the strength, stretch, and comfort of the fabric.

UV-RATED

Our camp chair won't break down under UV rays. No chipping paint or disintegrating fabric to worry about.

LOWLANDS BLANKET

The Lowlands™ Blanket helps transform every outdoor concert, tailgate, or back-country post-up into your personal base camp. Everything from the waterproof utility layer to the supremely soft, insulated interior were meticulously engineered to create a one-of-a-kind, all-terrain, ultra-comfortable blanket. And your dog will love it, too. It's designed to repel dirt, burrs, and pet hair - so let them sit, lay, and roll around on it as much as they like.

The new compact Camino® 20 Carryall is built for daily hauls. Tough inside and out, the bag features deployable dividers and two interior zippered pockets. Made from the same waterproof, ultra-durable, and easy-to-clean material as the Panga® Duffel, this tote bag will keep muddy boots contained and provide a tough barrier against your trusty grill set. Designed for everyday carry, the Camino® 20 Carryall is the go-to bag for all of life's small adventures.

Please note: This product is not a cooler.

Designed to make any adventure's dirty work a little easier, the Camino™ Carryall is the perfect all-purpose, here-to-there bag for any and every day. Rugged and to-the-point, Camino is made from the same waterproof, ultra-durable, and easy-to-clean material as the Panga™ Duffel. This tote bag will keep your wet boots and waders contained, keep dry gear inside protected from mud and puddles, and provide a tough barrier from sharp hooks and tools. Never again leave your gear (or your truck) to the mercy of a sloppy bag.

The bigger-than-life Camino® 50 Carryall features deployable dividers and two interior zippered pockets. Made from the same waterproof, ultra-durable, and easy-to-clean material as the Panga® Duffel, this tote bag will keep ski gear dry and helmets and harnesses safely contained. Sized for big hauls and even bigger adventures, the Camino® 50 Carryall can handle just about anything you throw in it.

WHY THE YETI ICE IS WORTH IT

YETI ICE is designed to be as cold as science allows. It's dialled-in to the most effective temperature, -2°C , to keep your food and drinks cold, but never frozen, for hours - even days.

FREEZES FASTER

Custom shape helps it freeze faster.

IMPACT RESISTANT

Won't bust or shatter.

STAYS COLD LONGER

Chills ice and contents faster and helps keep your ice colder longer.

NO MESSY CLEANUP

No puddles to drain, just toss it back in your freezer.

THIN™ ICE

It's always more fun on thin ice

Daytrip® Lunch Bag
Daytrip Lunch Box
Hopper® M30 Soft Cooler

YETI ICE™ is legendary for making your regular ice last for hours, and YETI THIN™ ICE is no different. It's just a slimmer innovation engineered to completely replace the need for regular ice inside your Hopper® Soft Coolers and Daytrip® Lunch Bag and Box. That way, you don't have to choose between saving space and keeping your goods fresh for as long as possible. Even more, it's built to be lightweight so you won't feel held back when you're trekking through puddles or hiking up hills.

THIN ICE TECHNOLOGY

NO MESSY CLEANUP

No puddles to drain, just toss it back in your freezer.

IMPACT-RESISTANT

Designed to withstand the toughest bumps, tumbles, and thuds.

FREEZES FAST

Custom shape helps it freeze faster so it can be used day in, day out.

YETI ICE

YETI 1LB (450 G) ICE

YETI ICE™ is filled to the brim with science, dialed in to the most effective temperature to maximise the ice retention of any cooler, with a durable design that is break-resistant. Its custom shape reduces freezing time and multiple size options mean that you can outfit everything from your Hopper® Flip to your Tundra® 350 with YETI ICE. It works as an ice supplement, a welcome addition to your ice stash to make sure your contents stay colder for longer.

Dimensions:

YETI ICE 1lb - 20.3cm x 6.7cm x 4.1cm

YETI 2LB (900 G) ICE

Dimensions:

YETI ICE 2lb - 20cm x 9.2cm x 4.1cm

YETI 4 LB (1.8 KG) ICE

Dimensions:

YETI ICE 4lb - 27.3cm x 20.3cm x 4.1cm

YETI THIN ICE, SMALL

YETI THIN™ ICE is a groundbreaking innovation designed to be nearly 50% slimmer than YETI ICE™ and engineered to completely replace the need for regular ice inside your Hopper® Soft Coolers and Daytrip® Lunch Bag and Box. That way, you don't have to choose between saving space and keeping your goods fresh for as long as possible. Even more, it's built to be lightweight so you won't feel held back when you're trekking through puddles or hiking up hills.

Dimensions:

YETI THIN™ ICE Small - 12.5cm x 9.2cm x 2.3cm

YETI THIN ICE, MEDIUM

YETI THIN™ ICE Medium - 18.4cm x 12.7cm x 2.3cm

YETI THIN ICE, LARGE

YETI THIN™ ICE Large - 25.4cm x 18.4cm x 2.3cm

HARD COOLER ACCESSORIES

ROADIE 24 BASKET

This specially sized seat cushion fits snugly on the roof of your Roadie® 24 Hard Cooler, and if you ask us, it's great for taking a load off and having a think (or drink). But in true YETI fashion, we over-engineered it with a UV-protected, water and abrasion-resistant foam that hails from jet skis and tractor seats.

Only compatible with the Roadie® 24 Hard Cooler (sold separately).

TUNDRA BASKETS

Prevent soggy sandwiches or wet lunch supplies with the YETI® Cooler Basket made with coated steel wire. Tundra® 250 (2-Latch) Basket will only work on coolers where there are two latches on the lid of the cooler. All Tundra models come standard with one dry goods basket. Not available for Tundra Haul.

LOCK BRACKET

Our YETI® stainless steel Locking Bracket slips into Tundra®'s AnchorPoint™ Tie-Down Slots and allows you to use a wide variety of locks, chains, or other security devices to keep your cooler secure. It's perfect for locking your Tundra into a truck bed, trailer, or any other areas where your YETI might be vulnerable.

TUNDRA SEAT CUSHION MAX4

Make your YETI® do double duty in the blind or dove field with the YETI Cooler Seat Cushion in Camo Max 4. To install, screw the included studs into the cooler lid and snap the cushion in place. Cushions are available for most YETI Tundra® models and all hardware is stainless steel.

Available for Tundra 35, 45, 65, 75, 105.

TUNDRA SEAT CUSHION WHITE

Make your YETI® do double duty on the boat or dock with the YETI Cooler Seat Cushion. Our Seat Cushion has at least 2 inches of dense foam (3 inches in the Tundra® 125, 160 & 250 cushions) and is made of tough, white, UV marine vinyl stitched with GORE® TENARA® Sewing Thread. To install, screw the included studs into the cooler lid and snap the cushion in place. Cushions are available for all YETI Tundra models and all hardware is stainless steel.

Available for all Tundra sizes, Tundra 35 to 350.

TUNDRA SHORT DIVIDER

Organise your cooler with our Dividers. Using the horizontal or vertical dividers, you can separate your catches or make room for more storage. Each divider fits directly inside the molded-in divider groove. And they also make great cutting boards when not in use.

Available for and specifically sized to: Tundra 35 & 45, 65, 75, 105 & 125, 110, 160 250, 210, 350

TUNDRA LONG DIVIDER

Organise your cooler with our Dividers. Using the horizontal or vertical dividers, you can separate your catches or make room for more storage. Each divider fits directly inside the molded-in divider groove. And they also make great cutting boards when not in use.

Available for and specifically sized to: Tundra 65, 75, 105, 110, 125, 160, 210, 250, 350

SECURITY CABLE LOCK & BRACKET

Secure your Tundra® in a truck bed or any other areas where it might be vulnerable with the YETI® Security Cable Lock & Bracket. Our high-strength carbon steel lock bracket is designed to fit into your YETI's AnchorPoint™ Tie-Down Slots. The 6 ft. long cable, with fully adjustable lock, holds tight at any position and easily threads through anchor points. For those that want an even more substantial theft deterrent, consider the high-strength carbon steel YETI Locking Bracket and use the cable or chain and lock of your choosing.

COMING TO EUROPE, FALL 2022

DRAIN PLUG TWO-PACK (TUNDRA)

Don't let your cold-holding power go down the drain. YETI®'s screw-in gasketed Drain Plug lets your cooler drain while the plug is only partially open.

COMING TO EUROPE, FALL 2022

TUNDRA LATCHES TWO-PACK

Recognise these latches from anywhere? If you own an ATV, you might. These latches are built to withstand the pounding an ATV dishes out, and they'll also last for years on your YETI® cooler. Same goes for the latch keepers, which are molded directly into the cooler's body.

COMING TO EUROPE, FALL 2022

BEAR-PROOF LOCK TWO-PACK

The YETI Tundra® and Roadie® meet the Interagency Grizzly Bear Committee (IGBC) standards for bear-resistant containers when used with extra-long shank Master locks. Our hard coolers have been thoroughly tested in both controlled bear simulations and with wild grizzly bears. When padlocks are used properly, grizzlies get nothing but frustrated after coming across your cooler.

COMING TO EUROPE, FALL 2022

TANK LID

The YETI TANK® is a highly portable party machine designed for advanced beverage distribution, but we wanted to make it even better. Available for both the YETI TANK 45 and YETI TANK 85, the YETI TANK Lids are made of UV-resistant, marine-grade material. You can keep your beloved party tub even colder while moving it from place to place or use the Tank as an extra seat or cutting surface.

ROPE HANDLE 2-PACK

There's no breaking the handles on a YETI®. They have a textured grip and are secured with marine-grade polyester rope. You won't find any slippery plastic to hold on to while transferring to a boat or a truck. Attachment points are integrated into the cooler body and keep handles out of the way when not in use.

Small Fits Tundra® 35 & 45, TANK® 45
Medium Fits Tundra 50, 65, 75, 105, 110, 125, 160, Tank 85
Large Fits Tundra 210, 250, 350, 420

Quantity: 2 Replacement Ropes and Handles
COMING TO EUROPE, FALL 2022

LOADOUT BUCKET ACCESSORIES

LOADOUT LID

The LoadOut Lid keeps contents safe from salt spray and contained when the water gets rough. Taking inspiration from the Rambler family of lids, it's transparent, easy to remove and watertight – but this time we brought in reinforcements. The HeftHex™ Construction makes for a more durable framework that resists cracking, even in extreme temps with over 130kgs of pressure. If you didn't think lid technology was a thing before, this will get your attention.

LOADOUT CADDY

With everything the bucket can do, it's not known for its organisational capacity. This 3-compartment caddy is built YETI tough, so it's resistant to cracks and breaks when you need to fling it aside or drop it on the deck. It fits tight and stays put at the top, just below the bucket's top with a retractable grab-and-go handle, so it's lid-compatible, too.

LOADOUT UTILITY GEAR BELT

Tackle any task with the LoadOut Utility Gear Belt. The QuadPocket™ Design is specifically engineered for all your general stuff. Tools, tackle, spent shells, pocket knives, dog treats, bottle caps. You get it. But we're not leaving it all up to the imagination. Our HitchPoint™ Grid webbing fits the YETI MOLLE bottle opener and the YETI MOLLE Zinger, so you're equipped for anything — like popping open a cold beer.

DRINKWARE ACCESSORIES

RAMBLER JUG MOUNT

Crafted from rugged polypropylene, the Rambler® Jug Mount can be fastened to your work truck, ATV, boat, or trailer. It's the only water jug mount designed specifically for the Rambler Jugs. This jug mount includes the following hardware: wood screws, bolts, nyloc nuts, and washers.

MOLLE BOTTLE OPENER

The MOLLE Bottle Opener attaches directly to your Hopper™, meaning you'll never again be without a way to crack into those icy brews. Its low profile prevents snagging, attaches snugly for maximum leverage, and is made from corrosion-resistant stainless steel that can take a major beating. As an added bonus, you can attach it to your pack or any other MOLLE rigging just in case your Hopper's HitchPoint™ Grid is full.

Each sold separately.

TARPON BEVERAGE ENTRY TOOL

Hydration is the key to survival, which makes the Tarpon Beverage Entry Tool your ultimate survival tool. With a twist-off wrench, church key, and can tab opener, it may replace your favorite multitool. Made of forged stainless steel.

COMING TO EUROPE, FALL 2022

RAMBLER BOTTLE CHUG CAP

Get to drinking faster with the Rambler Bottle Chug Cap. It just takes a quick half-twist of the TripleHaul™ Handle to open and then you're good to go, making it easy to steal a sip without slowing down. Its classic spout allows for speedy gulps, plus it's shatter-resistant and dishwasher safe, like the rest of the YETI Rambler accessories. And while your friends don't need to chant "chug" as you drink from the Chug Cap, we certainly don't think it hurts to add to the experience.

RAMBLER BOTTLE STRAW CAP

We simplified sipping with the Rambler Bottle Straw Cap. When you need some water (or whatever cold drink suits you), all you have to do is flip it open, take a sip, and close it tight to stay moving. It's leak-resistant, easy to carry (thanks to the TripleHaul™ Handle), and has a wide straw opening so you get more drink with every sip. Wherever the wild takes you, the YETI Straw Cap for the Rambler Bottles makes it easy to sip without slowing down.

RAMBLER BOTTLE HOTSHOT CAP

On-the-go caffeine enthusiasts meet the insulated, 360-drinking, 100% leakproof cap ideal for morning commutes, cold-weather hunts, night shifts, and beyond. With just a half twist and a click, you can sip from any side and enjoy that perfect, piping-hot temp. And as an added bonus, you can put the Hot Shot™ Cap on any of our Rambler Bottles – it's compatible with all of 'em. But if you ask us, the 12 oz. is the perfect size for it.

RAMBLER MAGDOCK CAP

This hydration innovation marries our chug-style cap with the simplicity, function, and power of magnets for a 100% leakproof, on-the-go solution. The MagDock Cap is smartly designed with a magnet docking station so you never lose your cap when you're downing your H2O. And the customer-favourite narrow spout of our chug cap allows for faster drinking while keeping ice cubes at bay. That's too many wins to count.

RAMBLER TUMBLER STRAW LID

The Rambler™ series' famous cold-retaining properties keep frozen beverages icy for hours, and now the Straw Lid makes them easier to enjoy. Our wide, durable drinking straw makes this the perfect lid for margaritas, slushies, and whatever drinks you'd rather sip than gulp.

Unlike other insulated cups with straws, the Rambler™ Straw Lids are built to last and have a molded-in stopper that holds your straw safely in place. And just like our other Rambler® lids, it's shatter-resistant, dishwasher-safe, and completely free of BPA.

RAMBLER CUP CAP LID

Save some space by transforming your Rambler Bottles with our heat-locking, two-in-one companion - the Cup Cap. Not only is it compatible with every Rambler Bottle, but it also offers twice the functionality. As an insulated cap, it helps keep your coffee, tea, or even whiskey at the perfect temperature. And when you twist it off, you've got a double-wall vacuum insulated cup.

MAGSLIDER LID - 10 OZ WINE TUMBLER / 10 OZ RAMBLER

The MagSlider Lid means enjoying drinks from our Rambler Tumblers without worrying about splashes on the go. Unlike other closeable drink lids, ours harness the power of magnets (yep, real magnets) for smooth opening and closing, and have a crystal clear lid so you can always see if you're in need of a top up. Our magnet technology also makes for easy cleaning — you can pop the MagSlider off, rinse, dry, and return it to the YETI Slider Lid. And the MagSlider Lid is dishwasher safe and shatter-resistant, just like the rest of our Rambler accessories.

MAGSLIDER LID - 10 OZ WINE TUMBLER / LOWBALL / 10 OZ MUG / 20 OZ TUMBLER

The MagSlider Lid means enjoying drinks from our Rambler Tumblers without worrying about splashes on the go. Unlike other closeable drink lids, ours harness the power of magnets (yep, real magnets) for smooth opening and closing, and have a crystal clear lid so you can always see if you're in need of a top up. Our magnet technology also makes for easy cleaning — you can pop the MagSlider off, rinse, dry, and return it to the YETI Slider Lid.

MAGSLIDER LID - 14 OZ MUG / 30 OZ TUMBLER

The MagSlider Lid means enjoying drinks from our Rambler Tumblers without worrying about splashes on the go. Unlike other closeable drink lids, ours harness the power of magnets (yep, real magnets) for smooth opening and closing, and have a crystal clear lid so you can always see if you're in need of a top up. Our magnet technology also makes for easy cleaning — you can pop the MagSlider off, rinse, dry, and return it to the YETI Slider Lid.

WARRANTY

INFORMATION

WE'RE DEDICATED TO MAKING SOME OF THE MOST DURABLE OUTDOOR PRODUCTS ON THE PLANET. BUT SOMETIMES THE UNEXPECTED HAPPENS.

As a reminder the YETI Product Warranty below should be made available for consumers to review.

If a consumer has further questions about the Warranty Policy, they can find more information at <https://eu.yeti.com/pages/faq#Warranty> or you can contact YETI at 0808 1697080.

WARRANTY DISCLAIMER

This warranty does not include any manufacturer responsibility for any incidental or consequential damages resulting from the use of the coolers or any other YETI product. If warranty applies, the manufacturer will repair or replace, at their discretion, the cooler or any part or component that is deemed defective. YETI reserves the right to change products and designs without incurring any obligations to incorporate such changes into already completed products, or those in the hands of dealers or consumers. Products repaired or replaced under this warranty may or may not incorporate these changes. Damaged products must be returned directly to YETI, in the original box or adequate cardboard packaging, freight prepaid.

A copy of the original sales receipt and the Return Authorisation Number (RMA#) must be included with the product.

3-YEAR LIMITED WARRANTY

YETI Hopper, Panga, and LoadOut carry a 3-Year Limited Warranty against defects in material and workmanship. This warranty applies to only the original owner and is void if the product is used commercially, structurally altered, or subjected to stress beyond the physical limits of the materials used in body or components, or is damaged as a result of abnormal use. Punctures and normal wear and tear are not warranted. Any limited edition product still under warranty will be replaced at the discretion of YETI with the same size product in a different colour based on availability.

5-YEAR LIMITED WARRANTY

YETI Tundras, TANKs, Roadies, YETI ICE, and the YETI Rambler Series of stainless steel products carry a 5-Year Limited Warranty against defects in material and workmanship. This warranty applies to only the original owner and is void if the product is used commercially, structurally altered, or subjected to stress beyond the physical limits of the materials used in body or components, or is damaged as a result of abnormal use. Normal wear and tear is not warranted. Any limited edition product still under warranty will be replaced at the discretion of YETI with the same size product in a different colour based on availability.

A scenic view of a mountain town with balconies and a snow-capped mountain peak. The image shows a multi-story building with light-colored stone walls and several balconies with ornate black metal railings. The balconies have teal-colored shutters. In the background, a large, rugged mountain peak is covered in snow and partially obscured by a blue sky with light clouds. The foreground shows a dense forest of green trees.

YETI®

SPECIAL THANKS TO OUR RETAILERS

Thank you for your continued support and partnership.

We are looking forward to working more closely with you to ensure YETI continues to grow in both popularity and profitability for your business.
